### YOU HAVE TO BE HERE TO KNOW.

**Dear Graduating Students**

How are large commercial risks managed? What do actuaries, marine surveyors, underwriters and risk managers have in common? And, how do you fit into the risk management and insurance industry, one of the fastest growing segments in our financial industry?

For the answers to all these questions, join us on 15 Sep 2008, to get the inside's view from experienced industry representatives, Mr. Simon Wilson of Lloyds' Asia and Mr. Aaron Yip of Federal Insurance Company on 'Up for a Challenging Career ? The Risk Management and Insurance Industry.' Ms. Tan Mei Shi, Business Management, 2nd Year at NUS will be there to share her Global Internship Experience Programme with you. Mr. Philip Cheng from IBF will also speak on how the Financial Industry Competency Standards provide you with a defined professional development roadmap to guide you towards professional excellence when you enter the industry.

We invite you to join us for this talk which will give you a greater understanding and provide an in-depth discussion of a business which is an integral part of the global economy.

This will also be a fantastic opportunity for you to find out from the excellent panel of risk professionals on what it means to deal with risks on a daily, real time basis. Only when you discuss with the real risk professionals will you know what it takes to be a part of this exciting industry.
