Said Khan

Since November 2008 Said Khan has been employed with Amlin Singapore Pte Ltd – Syndicate 2001 at Lloyds – as the Cargo Underwriter. He has been with Lloyds since 2006; having spent close to two years with another Syndicate.

Prior to Lloyds, he was with AIG for a period of 8 years – 4 years as the Regional Marine Loss Control Engineering Manager and the latter 4 years as the Profit Centre Manager responsible for building a profitable cargo book for the Singapore market.

Before his insurance career, he was doing adjusting and surveying for several prominent companies in the region for almost 10 years; after having spent 5 years at sea as a navigating/cargo officer.
