Dear Members,

The Singapore Maritime Foundation (SMF) and the General Insurance Association of Singapore (GIA) are jointly organising the forthcoming seminar, **Damage & Risk Assessment on Tuesday 21 June 2011, 2pm to 5pm, at the Capital Tower, STI Auditorium**. The talk is presented as part of the Maritime Knowledge Shipping Sessions, a series of seminars where maritime and insurance experts are invited to present insights about their specializations to enhance the maritime and insurance knowledge of the insurance professionals and the maritime community.

The seminar is free. To attend the seminar, please register through online application via http://www.gia.org.sg/registration_form/registration_mkss.php before **15 June 2011**. The online registration form will not be accessible after the deadline. Please register early to avoid disappointment. The attached poster can also be used if you wish to publicise the event in your office. Details of the seminar are enclosed.

Kindly encourage your staff and business partners to attend this enriching session.

Thank you.

A handwritten signature in black ink, appearing to read 'Mark Lim', written in a cursive style.

Mark Lim
Executive Director
General Insurance Association of Singapore

16:40	Closing Address	Mr Mark Lim Executive Director General Insurance Association of Singapore

SYNOPSIS & SPEAKER PROFILE

Mr Alex Pinto
Director
Charles Taylor Marine and Richards Hogg Lindley

Presentation Topic: **Project Cargo Programme and Its Implications**

The first speaker, Mr Alex Pinto, Director of Charles Taylor Marine and Richards Hogg Lindley, will highlight pertinent issues that need to be considered prior to the commencement of projects, from the compilation of background information, review of policy issues and their implications to identification of critical items and their interplay with Advance Loss of Profits (ALOP) / Delay in Start-Up (DSU) covers. Based on his relevant work experiences on similar projects, Mr Pinto will also provide an overview of the actual transportation process, the interplay amongst various parties involved and the claims process.

Presenter: Mr Alex Pinto **Director, Charles Taylor Marine and Richards Hogg Lindley**

The first speaker, Mr Alex Pinto, Director of Charles Taylor Marine and Richards Hogg Lindley, is in charge of marine operations in the Group's Singapore office, which oversees the Asean region. Mr Pinto is also responsible for the Group's marine activities in India and some parts of the Middle East. He is a Fellow of The Institute of Chartered Ship Brokers, London; an Associate of The Chartered Insurance Institute, London and a Foreign Associate of the American Association of Average Adjusters. Mr Pinto is also a maritime arbitrator and holds a Master's degree in Risk Management from Monash University, Melbourne, Australia.

During his career, he has worked in numerous countries including U.K., Middle East, Australia and India. His specialties include adjustments of hull, cargo, energy and liabilities claims such as casualty management and mediation – acting on behalf of Insurers and Assureds.

In his career as an adjuster, Mr Pinto has been actively involved in a number of multiple-bill of lading salvage and General Average cases, including missing vessels, project cargo programmes, piracy and fraud cases. He has also been involved in the casualty management of a number of large marine losses for assured, hull and cargo underwriters. He also supervises the Group's risk management in the region.

Mr Guido Luis Gavio
Regional Manager, South-east Asia
Belfor (Asia) Pte. Ltd.

Presentation Topic:

Accidents happen, what next? Understanding Damage Assessment Strategies

The second speaker, Mr Guido Luis Gavio, Regional Manager (South-east Asia) of Belfor (Asia) Pte. Ltd. will shed light on the vital role of a restoration service provider in damage assessment. Mr Guido will provide participants a well-rounded explanation on the varied steps to adopt to identify damage and provide solutions for different scenarios which include warranty provision following re-instatement.

Mr Guido will also share real-life case studies in which a proper approach to damage assessment resulted in a significant mitigation of the loss and a prompt and cost-efficient reinstatement.

Presenter: Mr Guido Luis Gavio
Regional Manager (South-east Asia), Belfor (Asia) Pte. Ltd.

Mr Guido Luis Gavio has over 15 years' experience in the disaster recovery industry. He joined Belfor (Asia) Pte Ltd. (formerly known as Relectronic-Remech) as a Restoration Engineer in May 1996 in Sydney, Australia. Belfor is the world largest disaster recovery company that specialises in damage assessment and the provision of restoration solutions for damaged machinery, electrical and electronic equipment.

Mr Gavio was promoted to Project Manager in 1998 and was transferred to Singapore in July 2002 to undertake the position of Technical Advisor / Project Manager. In 2008, he was promoted to Regional Manager for South-east Asia. Mr Gavio's wealth of experience comes from his work expertise relating the assessment of damage from electrical, electronic, mechanical equipment to building facilities.

Mr Gavio also provides consultancy in mitigation measures, restoration and estimation cost as a result of incidents such as fire, flood, chemical spills, mould and microbiological contamination. He is involved in the management of large and medium-sized restoration and loss mitigation projects in Asian countries, including Japan, South Korea, China, Taiwan, Thailand, Malaysia, Indonesia, Singapore as well as Australia, New Zealand, Sri Lanka, India and Pacific Islands (Tahiti, Fiji, Guam).
