

'A SERIES OF MARITIME KNOWLEDGE SESSIONS'

ESSENTIAL SHIPPING KNOWLEDGE FOR MARINE INSURANCE PRACTITIONERS SESSION 4

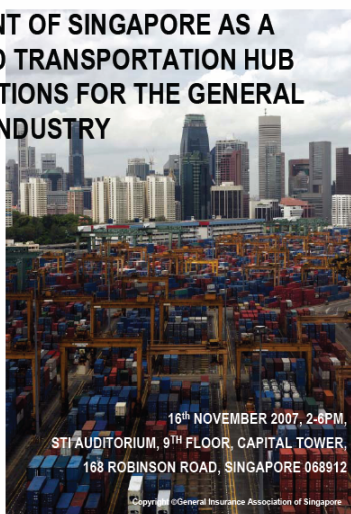

Singapore's emergence as a leading international transport and logistics hub has produced a wide range of openings and opportunities for providers of commercial lines transport-related insurances. From cargo cover, to through transport insurances and even produce liability cover, companies operating in a modern transport and logistics hub need increasingly wide and sophisticated insurances to help them cope with the complex exposures they face.

ESSENTIAL SHIPPING KNOWLEDGE FOR
MARINE INSURANCE PRACTITIONERS - SESSION 4

DEVELOPMENT OF SINGAPORE AS A
TRADING AND TRANSPORTATION HUB
AND IMPLICATIONS FOR THE GENERAL
INSURANCE INDUSTRY

PRESENTED BY:

16th NOVEMBER 2007, 2-6PM,
STI AUDITORIUM, 9TH FLOOR, CAPITAL TOWER,
168 ROBINSON ROAD, SINGAPORE 068912

The speakers will outline the various lines of insurance needed by logistics companies in the air, land and sea sectors and give an overview of how these industries work in Singapore.

This seminar is a must attend for any GIA member interested in learning more about the specialist lines of cover which the insurance sector now provides the logistics and transport sectors.”

The General Insurance Association of Singapore (GIA), in conjunction with its partners, the Singapore Maritime Foundation (SMF), is hosting a seminar entitled 'Development of Singapore as a Trading and Transportation Hub and implications for the General Insurance industry' in which leading practitioners from different parts of the logistics industry will explain their work and why insurance cover is such an important business 'enabler'.

The speakers will outline the various lines of insurance needed by logistics companies in the air, land and sea sectors and give an overview of how these industries work in Singapore.
